Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Monday 23 Aug 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Fine, dry and settled for most.

Today:
Early mist, fog and low cloud clearing to leave most parts dry with increasing amounts of warm sunshine, though low cloud may persist along some coasts of Scotland and Northern Ireland.

Tonight:
Most places dry with patchy cloud and clear spells. Some fog patches forming, mainly in the northwest, whilst some drizzle in possible in the northeast.

Tuesday:
Low cloud breaking and fog patches clearing to leave a fine day with sunny spells. Sunniest in the west where it will feel very warm.

Outlook for Wednesday to Friday:
Settled and largely dry with light winds, variable cloud and sunny spells. Very warm in parts of the northwest at first, turning cooler and breezier from the east through Thursday.
